

THE SEVENOAKS CIRCULAR WALKS - 2008

LDWA KENT GROUP

REPORT

After a wet week and a depression sitting over South East England for Sunday it wasn't a good omen for this year's event. Despite this our entries swelled to 275 with 69 signing in on the day. 230 started and with only 7 retirements we had eighty-eight complete 30 miles, seventy-six 20 miles and fifty-nine 15 miles.

This was the second year that our HQ was at The Vine but now their 1st hockey team is now in a National League, a late fixture meant we had to share the premises with the Club. A big thank you to our members who made this conflict run smoothly and the walkers/runners for their co-operation, the Club were appreciative.

The route was one last used in the early 90s using the Greensand Way, Wealdway and North Downs Way which people enjoyed despite the continual wet cold weather, it was ironical that the day after was dry and bright. The marshals around the route did a great job in the conditions and their efforts were appreciated by all. Especial thanks are due to the friends and relatives who were very helpful.

See you next year on the same weekend.
